

## CAMP ROEHR ROCKS!!!

Summer seems months away with all the frigid weather and dreary skies. However, at the Epilepsy Foundation of Greater Southern Illinois “camp” is the HOT topic of most conversations. Camp staff are “revving” up with excitement in preparation for the 26<sup>th</sup> Annual Camp Roehr.

There are no words to describe all the smiles and anticipation on the first day of **Camp Roehr**. During the seven days of **Camp Roehr** the campers experience so many different adventures. Every day is packed with so many activities such as swimming, camp fires, horseback riding, a visit from Professor Critter with special “friends” and late night talks in the cabins. Then the last day of **Camp Roehr** there are tears, hugs and “text me later” conversations. Lifelong friendships have begun...

Please help the children with epilepsy celebrate summer by supporting **Camp Roehr**. Your gift of **any** amount will allow so many wonderful opportunities for young people with epilepsy.

- A gift of \$25 will help provide craft supplies for the week
- A gift of \$35 will help bring a pony/other entertainment to camp for a day
- A gift of \$50 will help underwrite a day at camp for a camper

**OR**

- **Sponsor a child with epilepsy for the entire week of camp for \$500 and receive special recognition on the Epilepsy Foundation of Greater Southern Illinois’s website.**

The future campers of CAMP ROEHR thank you for your gift.
